Toll Manufacturing

Our Milestone

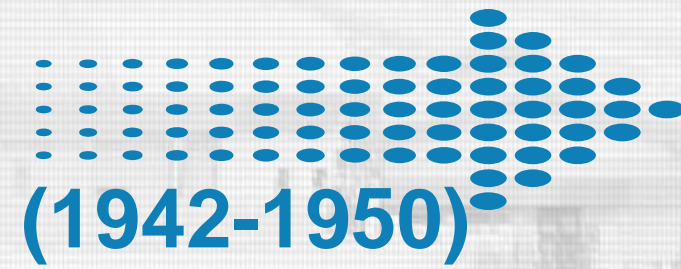

1918

The story began in a production unit in the Central Hospital of Dutch East Indies Government producing only ointments and gauze pads.

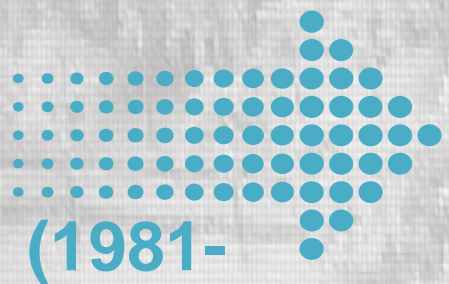

1931

The production unit was moved to Manggarai, later known as "Pabrik Obat Manggarai", and started to produce tablets and injections.

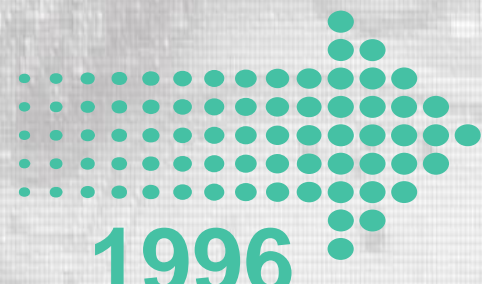

(1942-1950)

- Taken over by the Japanese Government under Management Takeda Pharmaceuticals (1942)
- Taken over by the Government of Republic of Indonesia under the management of the Health Ministry (1950)

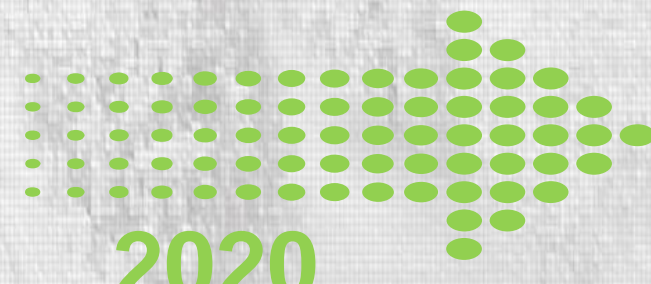

(1981-1988-1991)

- Determination of business form of Perusahaan Umum Indofarma / Perum Indofarma (1981)
- Construction of a factory in Cibitung, Bekasi, West Java, on a 20 hectare area (1988)
- Production activity was moved to Cibitung Factory (1991)

1996

Establishment of Perseroan Terbatas Indofarma (Persero)

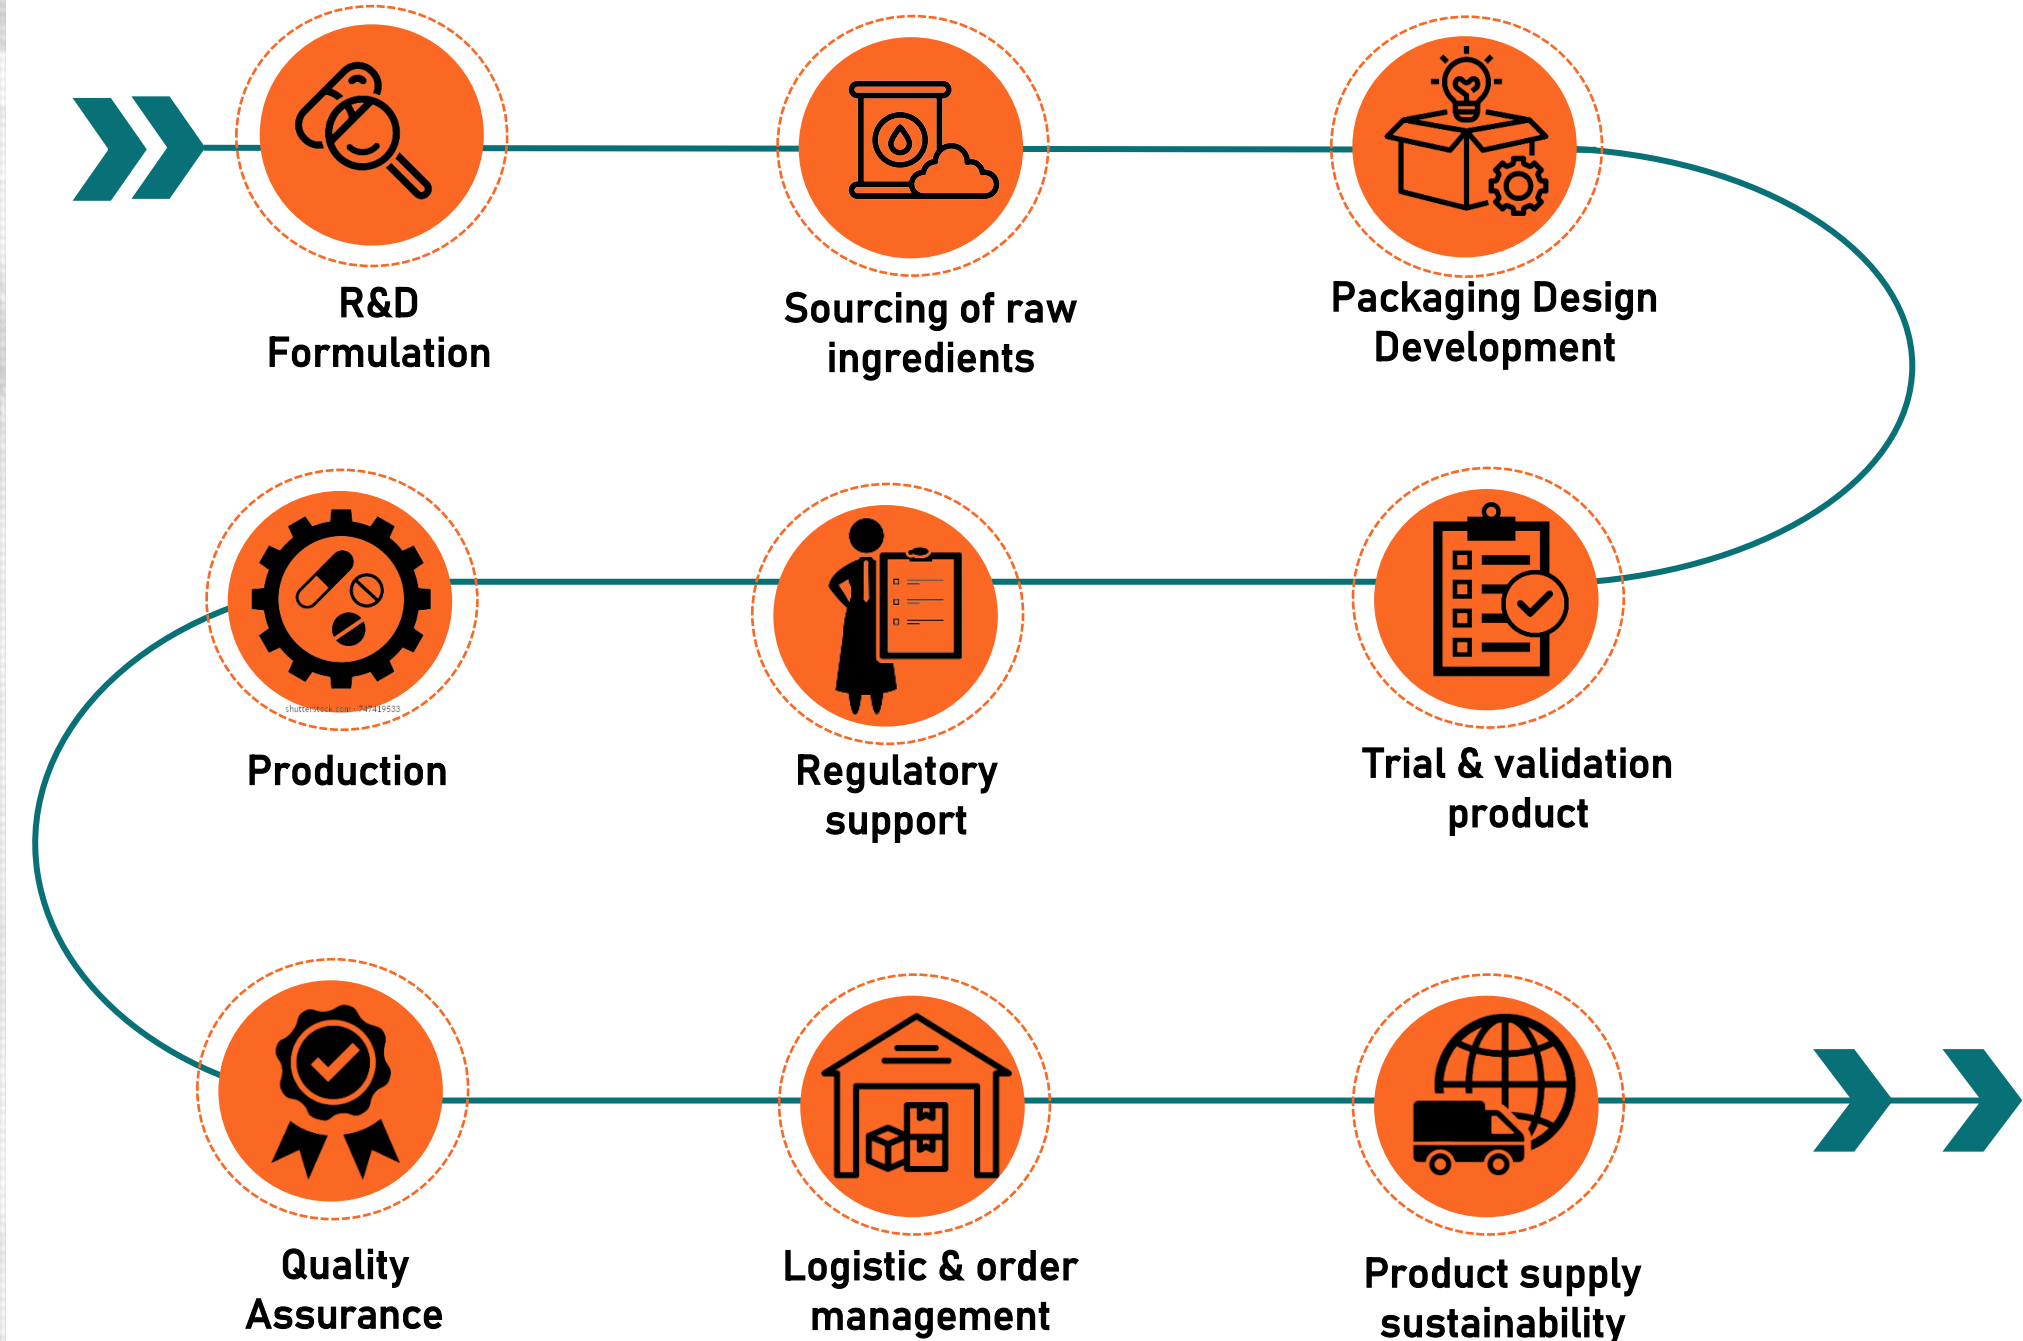

2020

The change of name from PT Indofarma (Persero) Tbk to PT Indofarma (Tbk) in connection with the transfer of shares of the Company owned by the Republic of Indonesia to the capital of PT Bio Farma (Persero)
